See Wanking, Sea Wall “fapping”

Persons using the identity of Ed Donegan often in proximity to Ed Donegan sees women he has never been near in his entire life as visual porn he covets to look at

The Gullible Ed Donegan will fall to her law enforcement plans though when she that buxom leggy model tricks him into confessing he has harmed the constituency of Mark Gonzales and other DA's in the identit theft schem.

Veronica Lake was a buxom leggy blonde actress famous for creating the “*peek-a-boo*” affect of looking from behind her veil of hair. If I was peeking at females in the area of the Sea Wall bay shore then these immigrant families and their churches could sue my trust fund and slander me extensively in a campaign that involves cultural violence as a transecentalist ethical motive for obvious fraud.

Even more so than me be slandered as a peeping tom it would justify physcical attacks and social ostracism of me, rejected lease applications, and other downturns in my life.

> It was during the filming of *I Wanted Wings* that Lake developed her signature look. Lake’s long blonde hair accidentally fell over her right eye during a take and created a “peek-a-boo” effect. “I was playing a sympathetic drunk, I had my arm on a table … it slipped … and my hair - it was always baby fine and had this natural break - fell over my face … It became my trademark and purely by accident”, she recalled.

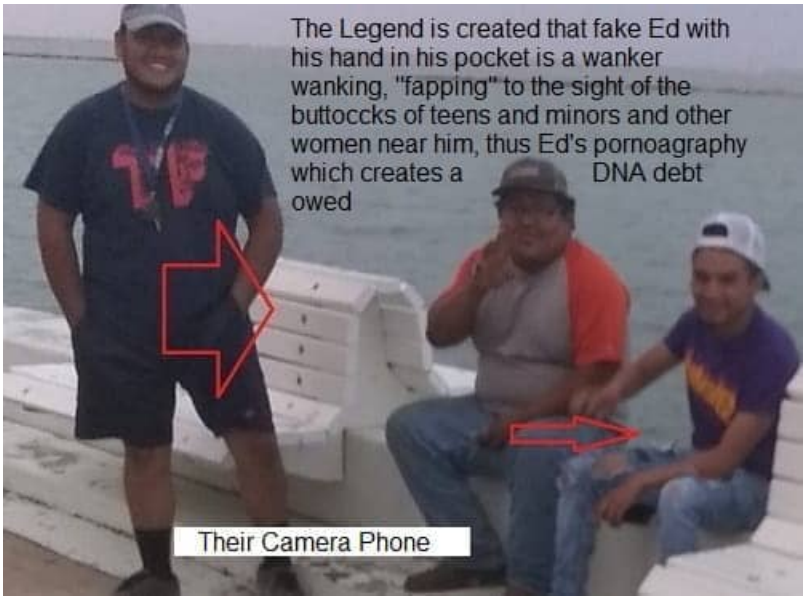
A *Legend* is built via a Dopple’s acts that I rather than the Dopple is a peepoing tom and threat to females including retarded vulberbabel females, minors, and those in tight clothing. The peeping tom will confess

under pressure and “buy” the sight of women by paying in DNA rights, using my DNA not theirs.

I Edward Paul Donegan and my Trust Fund left by my mother will be blamed for the acts of these Impersonators (Dopples) designed to destroy my reputation and rights by their own acts.

As I photograph them they hid the camera used to photograph a minor female, perhaps 17, white, blonde, placing herself in my vicinity and in public where photo bombs of my normal run can not be stopped by me

Veronica Lake



The Legend is created that fake Ed with his hand in his pocket is a wanker wanking, "fapping" to the sight of the buttoccks of teens and minors and other women near him, thus Ed's pornoagraphy which creates a DNA debt owed

From Wikipedia the free encyclopedia Constance Frances Marie Ockelman (November 14, 1922 - July 7, 1973), known professionally as Veronica Lake, was an American film, stage, and television actress. Lake was best known for her femme fatale roles in film noirs with Alan Ladd during the 1940s, her peek-a-boo hairstyle, and films such as Sullivan’s Travels (1941) and I Married a Witch (1942). By the late 1940s, Lake’s career began to decline, due in part to her alcoholism. She made only one film in the 1950s, but made several guest appearances on television. She returned to the big screen in 1966 in the film Footsteps in the Snow (1966), but the role failed to revitalize her career.

Lake’s memoir, Veronica: The Autobiography of Veronica Lake, was published in 1970. Her final screen role was in a low-budget horror film, Flesh Feast (1970). After years of heavy drinking, Lake died at the age of 50 in July 1973, from hepatitis and acute kidney injury.

For her contribution to the motion picture industry, Lake has a star on the Hollywood Walk of Fame at 6918 Hollywood Boulevard.

CUBS (LOGAN’S RUN - BOOK AND FEATURE FILM)

> The Cubs are a group of adolescent rebels. Billy is the leader of the Cubs in Cathedral. Cubs are violent and aggressive and have been known to kill Sandmen who venture into Cub territory.

The Cubs, poor migrant community, backed by the community and government will make a mark of me by victimizing themselves near me, and use a double of me to both victimize their community and confess to doing it, the double leaving the scene he and I were at to confess out of my presence.

Assaultive statements or acts towards me creates confusion who took a picture of a female. Like with gun fire unless a laser beem is used it would be hard for an honest person to know who took a picture at scene were multiple people were moving around.
